

1)  
Dear Mr. Reeves,

Thank you ever so much for the  
ham & corn meal gift. It was  
exceptionally good & we enjoyed every  
bite.

I have much to tell you but  
will write later. Ed & I have  
been ill the past week but are  
feeling better now. Of course, we  
have gotten a little behind with  
things but I'm sure we'll catch  
up now.

I just wanted to send you the  
dupl. deposit slips for the bonds  
fund.

We have our store all set up  
& it works just beautiful. We are  
very happy with it & the fact that  
it heats well & burns most of our  
trash. We also sometimes cook on it.  
So you see it is very handy.  
Ed has set the water in house  
up with it's own two tanks. The ~~water~~

just in the process of putting the shower in the bathroom when he took ill, so that has yet to be completed.

David J. stopped by to see us with Counsel Penfrew and we returned Counsel's anchor which he lost during that bad storm, which we found 3 weeks later buried!

Counsel has been kind enough to help us sell our <sup>(HONDA)</sup> car so that we can relieve some of the financial pressures. We cleaned it up and brought it to him in Morehead, yesterday. I now think his wife fell in love with it & wants to buy it!

Will write more when time allows. Again thank you so much.

As ever,

Penny

P.S.

We have yet to get the chair over here. Will let you know how we make out. It looks very comfortable.
